Professional Summary

Final year B.Tech CSE (AIML) student with a strong foundation in Java, Basic C, Basic python and Data Structures. Solved 150+ problems on LeetCode, sharpening algorithmic and problem-solving skills. Familiar with core web technologies through academic and self-driven projects. Actively exploring opportunities in software and product development. Certified in ServiceNow CSA & CAD, with added skills in low-code apps and ITSM automation.

Education

Mohan Babu University

Aug 2022 – May 2026

B. Tech in Computer Science & Engineering (AIML)

- CGPA: 9.15

Govt Junior College

June 2020 – June 2022

Class 12th Majorly in Mathematics, Physics & Chemistry

- Percentage: 88

Govt High School

June 2019 – May 2020

- Percentage: 99

Technical Skills

Languages: Java, C, Python

Web Development: JavaScript, HTML, CSS, MySQL

Tools: ServiceNow Studio

Soft-Skills: Communication, Leadership, Problem solving, Team Collaboration

Internships

Salesforce Developer with Agentblazer Champion (*SmartInternz*)

- Developed a practical understanding of Salesforce fundamentals, including Data Management , Security Management , and Process Automation And Logic.
- Gained practical experience by building solutions with Lightning Web Components and defining Object Relationships.

Projects

Finovate Dashboard

[Link](#) 

- Designed an interactive finance tracker with a modern dark theme and neon-inspired UI, enhancing user engagement and reducing eye strain while delivering visually appealing financial insights.
- Implemented dynamic data visualization using Chart.js and JavaScript, enabling real-time tracking of income, expenses, and trends for improved decision-making.
- Built a responsive, user-friendly dashboard optimized for both desktop and mobile devices, ensuring seamless accessibility and performance across platforms.

Employee Management System

[Link](#) 

- Developed a Java-based Employee Management System with a MySQL backend, enabling efficient storage, retrieval, and management of employee records through a secure JDBC connection.
- Implemented core CRUD (Create, Read, Update, Delete) operations for employee data, optimizing database interaction with parameterized SQL queries to prevent SQL injection.
- Integrated robust database connectivity using mysql-connector-j.jar, ensuring data integrity, scalability, and real-time updates for organizational workforce management.

Certifications/Achievements

- ServiceNow Certified System Administrator (CSA) and Application Developer (CAD)
- Java - Eduskills
- Gen AI & AI Fundamentals - IBM SkillsBuild
- MySQL - HackerRank
- Earned a prestigious Expert Badge from Pearson Mepro
